Info: Due to only playing on Thursday and having a 9 week schedule with an odd number (13) of total teams There will be 1 league winner and one runner-up.
 League Winner Determined By -

1. Overall record
2. Head- to- Head
3. In case of a tie in records and the two teams did not play each other, we will have a play-off game to determine a league winner, the only time this game would be played would be to determine a league winner.
4. To determine your seed for the tournament. If you are tied record wise with another team you haven't played - this will revert to a coin flip.
